In re: Alpine Broadcasting Corporation ("Alpine")
KCXL(AM), Liberty, Missouri
Facility Identification Number: 1162
BP-20081217ABM

Dear Mr. McCormick:

This is in reference to the above-captioned minor change application for radio station KCXL(AM), Liberty, Missouri to increase KXCL(AM)'s daytime operating power from 0.5 kilowatts to 4.0 kilowatts, and the April 7, 2009, amendment.

A preliminary study of the amended application reveals that the KCTO(AM) measurement data listed in the tabulations (Exhibit E-5.01, E-5.02, E-5.03, E-5.04, E-5.05, E-5.06, E-5.08, and E-5.09) are labeled as non-directional at 5 kilowatts, while the same measurement data plotted on the graphs (Exhibit E-9.01, E-9.02, E9.03, E-9.04, E-9.05, E-9.06 and E9.09) are labeled as directional at 0.5 kilowatts. Similarly, the KCXL(AM) measurement data listed in the tabulations (Exhibit E-5.21, E-5.22, and E-5.23) are labeled as directional, while the measurement data plotted on the graphs (Exhibit E-9.21, E-9.22, and E9.23) are labeled as non-directional. Finally, the graph of the KCTO(AM) measurements on 275° radial was not submitted. Accordingly, Alpine must resolve these discrepancies and amend the application.

Further action on the subject application will be withheld for a period of thirty (30) days from the date of this letter to provide an opportunity to respond. Failure to amend or respond within this time period will result in the dismissal of the application pursuant to Section 73.3568 of the Commission's rules.

Sincerely,

Son Nguyen,
Supervisory Engineer
